Old Business

1. Welcome Kits: Chuck Toland said he would send an email to Kim to find out what, if anything was in the works for this. Would kits be taken to new resident homes or is it something to be picked up from City Hall when new residents come to register for services. Nick Blaetter had a list of suggestions that might be good to include in the welcome kits such as...6x6 dry erase board, We Call Police Sign, List of City phone numbers as well as list of Alderman and areas they represent, flyers of upcoming events and coupons for local businesses. Chuck Toland suggested that such items could perhaps be donated by local businesses. CAC does not have a means to pay for such items.

2. EAC: The Rockin' Horse Saloon held its luncheon for luncheon for local business owners. It was very well attended. Topics of discussions were safety for local businesses, the upcoming lane reduction from Laramie to Cicero on 159th and Cicero from 159th to 155th St., use of marketing company to attract new residents, get current residents to come out this year and support our city, and to please always remember that as residents we are Ambassadors of Oak Forest. We need to promote our city if we want good things to happen here.
