The Honorable Mayor
Members of the City Council
City of Oak Forest, Illinois

Ladies and Gentlemen:

In planning and performing our audit of the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information, which collectively comprise the basic statements of the City of Oak Forest, Illinois (the City) as of and for the year ended April 30, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of its internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all the deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report is intended solely for the information and use of the Mayor, the City Council and the management of the City and should not be used by anyone other than these specified parties.
